2. In previous dealings, IBM has informed that they deal with the customer through their Business Partners only. It is, therefore, requested that if they want to associate any Business Partner, that partner may be associated from the initial stage itself.

3. IBM is requested to make a price quote for the server/ system within a fortnight. If IBM does not quote directly, they may recommend their business partners who can quote directly or through IBM. To such business partners IBM would also provide authorisation letter to this office. While making price quote, a sheet showing details as to how they arrived at the price may also be furnished. If IBM has supplied a similar server to any government organisation, its specifications and price may also be furnished. 5. It may also be noted that this letter is just for inviting price quote and indicate likely conditions that this office may like to include in the Purchase Order, if it is decided to place order on IBM/ Associated Business Partner for purchase of the servers/ systems. This letter does not impose any binding on this office to accept the price quoted or to place an order for supply.

6. Quotations may be sent to Shri Rajiv Arora, Jt. DGFT (Room No 110 B) or A.C. Jha, Dy. DGFT (Room No 564) which would be received by 8<sup>th</sup> July, 2011 between 10.00 AM to 5.00 PM on all working days.
