सत्यमेव जयते

The mid-term review of the Foreign Trade Policy, 2015-20 provides an opportunity to make corrective changes as per the evolving global trade scenario and to align with the changes in the indirect taxes regime with the introduction of GST from 1st July 2017.

The FTP-2015-20 launched on April 1, 2015 introduced a slew of measures by providing a framework for increasing exports of goods and services, generation of employment and increasing value addition, in keeping with the 'Make in India' vision of our Hon'ble Prime Minister. The Policy was far reaching in nature, and incorporated various export friendly innovations and simplifications. These included simplification & merger of reward schemes, introducing new schemes for promotion of Merchandise and services exports, incentivising e-commerce exports, encouraging procurement of capital goods from indigenous manufacturers under the EPCG scheme etc.

While continuing broadly on the same principles, the introduction of GST would be the catalyst for spurring growth in the export sector. The lower duty on most items and reduction of cascading effect of various duties would lower the cost and make exports competitive. Uniform refund of erstwhile VAT across the States is a significant benefit for the exporters. The necessary adjustment in the FTP has been carried out to align it with the GST.

The global economic scenario including slowdown in developed economies, Brexit, volatility in commodity prices and general uncertainty has impacted business environment across the globe. This has impacted India's export sector as well. However, green shoots in exports growth are distinctly visible now with positive export growth in thirteen of the past fourteen months.

In light of these developments, the Government has undertaken a mid-term review exercise, which has included feedback sought from various stakeholders including exporters, industry associations, commodity boards, foreign missions, State Governments and various ministries of Government of India. In light of this evaluation, in addition to mainstreaming and incorporating the changes made in the recent years in this Policy, further changes have been introduced, which are aimed at promoting exports and facilitating exporters in improving their export performance. Government will focus on new markets in Africa, Latin America and the Caribbean regions and new products while increasing India's share in traditional markets and products. Government will also aim at increased participation of Indian industry in global and regional value chains.

... 2/...

The MEIS Schedule has been constantly expanded and covers around 70% of tariff lines under ITS (HS) 2017. The MEIS rates have been further enhanced for Ready-made Garments, Agriculture products and select labour intensive and MSME products to provide a boost to exports and employment generation. To provide an impetus to the export of services, the SEIS rates have also been increased. The validity period of the Duty Credit Scrips has been changed from 18 months to 24 months to enhance their utility and attractiveness in the GST regime.

To enable Ease of Trading across Border, support and hand-holding of exporters and review and simplification of procedures will be undertaken. A new duty exemption scheme with Self Declaration and Self Ratification has been introduced to allow duty free inputs for export production. India has also signed 'Trade Facilitation Agreement' under World Trade Organisation and an Action Plan has been launched and its implementation is being monitored by a high level inter-ministerial committee.

For faster rule-based processing, relaxed norms and delegation to Regional Authorities has been done for Export Obligation period extension, installation of machinery and block-wise extension under EPCG Scheme. Shifting of capital goods has been allowed from one unit of the IEC holder to the other. Clubbing of EPCG authorizations has been allowed in respect of those authorizations also where EO period has expired.

We have launched a single window contact point for exporters and importers called Contact@DGFT where any concerns/suggestions related to foreign trade can be raised, which are monitored at high level and the exporters can track the status and give feedback on the action taken. A new Logistics Division has been created to develop an Action Plan for the integrated development of the logistics sector, by way of policy changes, improvement in existing procedures, and identification of bottlenecks and introduction of technology in this sector in order to reduce comparatively high logistics costs in India. For data based policy action, a State-of-the-Art Trade Analytics division has been set up to process trade information and other national and international data bases in India's key export markets and provide action points for different markets and products.

In this dynamic year, when India has ushered into the biggest tax reform in its history, I am confident that the industry and the Government, working together, would ensure a smooth transition and ensure that the competitiveness of Indian exports increases even further and we are able to achieve higher export turnovers and contribute to Hon'ble Prime Minister's vision of 'Make in India'.

1.01 Duration of FTP

The Foreign Trade Policy (FTP), 2015-2020,(as updated) w.e.f. 05.12.2017 incorporating provisions relating to export and import of goods and services, shall come into force with effect from the date of notification and shall remain in force up to 31st March, 2020, unless otherwise specified. All exports and imports made upto the date of notification shall, accordingly, be governed by the relevant FTP, unless otherwise specified.

1.02 Amendment to FTP

Central Government, in exercise of powers conferred by Section 5 of FT (D&R) Act, 1992, as amended from time to time, reserves the right to make any amendment to the FTP, by means of notification, in public interest.

1.03 Hand Book of Procedures (HBP) and Appendices & Aayat Niryat Forms (AANF)

Director General of Foreign Trade (DGFT) may, by means of a Public Notice, notify Hand Book of Procedures, including Appendices and Aayat Niryat Forms or amendment thereto, if any, laying down the procedure to be followed by an exporter or importer or by any Licensing/Regional Authority or by any other authority for purposes of implementing provisions of FT (D&R) Act, the Rules and the Orders made there under and provisions of FTP.

1.04 Specific provision to prevail over the general

Where a specific provision is spelt out in the FTP/Hand Book of Procedures (HBP), the same shall prevail over the general provision.

1.05 Transitional Arrangements

- (a) Any License / Authorisation / Certificate / Scrip / instrument bestowing financial or fiscal benefit issued before commencement of FTP, 2015-20 (as updated) w.e.f. 05.12.2017 shall continue to be valid for the purpose and duration for which it was issued, such License/Authorisation/ Certificate / Scrip / any instrument bestowing financial or fiscal benefit Authorisation was issued, unless otherwise stipulated.**
- (b) In case an export or import that is permitted freely under FTP is subsequently subjected to any restriction or regulation, such export or import will ordinarily be permitted, notwithstanding such restriction or regulation, unless otherwise stipulated. This is subject to the condition that the shipment of export or import is made within the original validity period of an irrevocable commercial letter of credit, established before the date of imposition of such restriction and it shall be restricted to the balance value and quantity available and time period of such irrevocable letter of credit. For operationalising such irrevocable letter of credit, the applicant shall have to register the Letter of Credit with jurisdictional Regional Authority (RA) against computerized receipt, within 15 days of the imposition of any such restriction or regulation.**

B. TRADE FACILITATION & EASE OF DOING BUSINESS

1.06 Objective

Trade facilitation is a priority of the Government for cutting down the transaction cost and time, thereby rendering Indian exports more competitive. The various provisions of FTP and measures taken by the Government in the direction of trade facilitation are consolidated under this chapter for the benefit of stakeholders of import and export trade.

1.07 DGFT as a facilitator of exports/imports

DGFT has a commitment to function as a facilitator of exports and imports. Focus is on good governance, which depends on efficient, transparent and accountable delivery systems. In order to facilitate international trade, DGFT consults various Export Promotion Councils as well as Trade and Industry bodies from time to time.

1.08 Niryat Bandhu - Hand Holding Scheme for new export / import entrepreneurs

- (a) DGFT is implementing the Niryat Bandhu Scheme for mentoring new and potential exporter on the intricacies of foreign trade through counselling, training and outreach programmes.**
- (b) Considering the strategic significance of small and medium scale enterprises in the manufacturing sector and in employment generation, 'MSME clusters' have been identified, based on the export potential of the product and the density of industries in the cluster, for focussed interventions to boost exports.**
- (c) Outreach activities shall be organized in a structured way with the help of Export Promotion Councils as 'industry partners' and other willing 'knowledge partners' in academia and research community to achieve the objective of Niryat Bandhu Scheme. Further, in order to ensure optimum utilization of resources, efforts would be made to associate all the stakeholders, including Customs, ECGC, Banks and concerned Ministries.**

1.09 Citizen's Charter

DGFT has in place a Citizen's Charter, giving time schedules for providing various services to clients. Time line for disposal of an Application is given in Para 9.10 of HBP.

1.10 Online Complaint Registration and Monitoring System

An EDI Help Desk is available to assist the exporters in filing online applications on the DGFT portal and resolving other EDI related issues. For assistance an email may be sent at dgftedi@nic.in or Toll Free number 1800111550 can be used. Help Desk facility is also operational at the 4 DGFT Zonal Offices (details at <http://dgft.gov.in>). An Online Complaint registration and monitoring system allows users to register complaint and receive status/reply online (details are at <http://dgft.gov.in>).

1.11 Issue of e-IEC (Electronic-Importer Exporter Code)

- (a) Importer Exporter Code (IEC) is mandatory for export/import from/to India as detailed in paragraph 2.05 of this Policy. DGFT**

issues Importer Exporter Code in electronic form (e-IEC). For issuance of e-IEC an application can be made on DGFT (<http://dgft.gov.in>). Applicant can upload the documents and pay the requisite fee through Net banking. Applicant shall, however, submit the application duly signed digitally.

- (b) Processing of such applications by Regional Authority (RAs) of DGFT would be done online and a digitally signed e-IEC would normally be issued/ e-mailed to the applicant within 2 working days.
- (c) In case the application is incomplete or otherwise ineligible, the same shall be rejected and a Rejection letter/email (with reasons for rejection) would be sent to the applicant.
- (d) Application for issue of e-IEC can also be made from eBiz platform (<https://www.ebiz.gov.in>).

1.12 e-BRC

- (a) One prominent initiative in recent times has been the e-BRC (Electronic Bank Realisation Certificate) project and its successful implementation by DGFT. It has enabled DGFT to capture details of realisation of export proceeds directly from the Banks through secured electronic mode. This has facilitated the implementation of various export promotion schemes without any physical interface with the stake holders.
- (b) RBI has also developed a comprehensive IT-based system called Export Data Processing and Monitoring System (EDPMS) for monitoring of export of goods and software and facilitating AD banks to report various returns through a single platform.

1.13 MoU with State Governments for sharing of e-BRC data

MOU has been signed with 14 state governments for sharing of e-BRC data to facilitate refund of VAT/GST by the state government to exporters. MOU has also been signed with Enforcement Directorate, Agricultural Directorate, Agricultural Processed Food Products Export Development Authority and Goods & Services Tax Network (GSTN).

1.14 Exporter Importer Profile

An electronic procedure has been created to upload various documents in exporter importer profile. Once uploaded, there will be no need to submit these documents / copies of these documents to Regional Authority repeatedly with each application. It intends to reduce the transaction cost and time and is a step towards paperless processing of different applications in DGFT.

1.15 Reduction in mandatory documents required for Export and Import

The number of mandatory documents required for exports and imports of goods from/into India have been reduced to three each, as prescribed under paragraph 2.06 of FTP.

1.16 Facility of online filing of applications

All the Regional Authorities (RA) of DGFT and extension counters have been networked with high speed internet. The applications are received and processed electronically. DGFT under the EDI initiatives has provided the facility of on line filing of applications to obtain Importer Exporter Code and various Authorisations /scrip's. DGFT is one of the first digital signature enabled organisation of the Government of India (GOI), which has introduced a higher level of Encrypted 2048bit digital signature. There is a web interface for online filing of application after accessing DGFT website (<http://dgft.gov.in>). The application can be filed by exporter/CHA sitting at home or office in 24X7 environments. Application fee can also be paid online from linked banks or by using debit/credit card. The applications are signed with a digital signature and submitted electronically to the concerned Regional Authority of DGFT, which are then processed on computer by the Regional Authority and Authorisations/ scrip's are issued. Online filing of Application has minimized the physical interface with RA.

1.17 Online Inter-ministerial consultation

Presently, the exporters are required to file applications online on the website of DGFT under the Icon E-COM and are required to submit the duly signed and stamped printout of the online application along with all the necessary documents viz. technical specifications, literature etc. Now, a facility is being provided to upload copies of all the required documents including technical specifications, literature etc in PDF/JPG/JPEG/GIF format in the online filing system in respect of (a) Fixation of norms under Advance Authorisation by Norms Committees (b) Export of Restricted Items (c) Import of Restricted Items (d) SCOMET Items. The exporters

would not be required to submit the hard copy of application except architectural drawings, machine drawings etc which may be difficult to scan and upload. The processing of the applications will also be done online.

1.18 Facility to upload documents by CA/ CS / Cost Accountant

In order to move towards paperless processing, an electronic procedure is being developed to upload digitally signed documents by Chartered Accountant / Company Secretary / Cost Accountant. To start with, this facility would be created for Export From India Schemes under Chapter 3. Such documents like Annexure Attached to ANF 3B, ANF 3C and ANF 3D, which are at present signed by these signatories, can be facilitated by this procedure. Exporter shall link digitally uploaded annexure with his online applications after creation of such facility. These facilities may be extended in phased manner to upload documents pertaining to other schemes like Advance Authorisation, DFIA and EPCG.

1.19 Electronic Data Interchange (EDI)

DGFT has put in place a robust EDI system for the purpose of export facilitation and good governance. DGFT has set up a secured EDI message exchange system for various documentation related activities including import and export Authorisations established with other administrative departments, namely, Customs, Banks and EPCs. This has reduced the physical interface of exporters and importers with the Government Departments and is a significant measure in the direction of reduction of transaction cost. The endeavour of DGFT has been to enlarge the scope of EDI to achieve higher level of integration with partner departments.

1.20 Message Exchange with Community partners

Customs, Banks, Export Promotion Councils (EPCs) are major community partners of DGFT for message exchange. An effective message exchange system is in place with various community partners which is as follows:

Benefits of Single Window Scheme include:

- b. Enhanced transparency;**
- c. Reduced duplicity and cost of compliance;**
- d. Optimal utilization of man power.**

1.27 Self-Assessment of Customs Duty

- (b) The AEO programmes have been implemented by other Customs administrations that give AEO status holders preferential Customs treatment in terms of reduced examination, faster clearances and other benefits. Thus, the AEO programme is expected to result in Mutual Recognition Agreements (MRA) with these Customs administrations. MRAs would ensure export goods get due Customs facilitation at the point of entry in the foreign country. Apart from securing supply chain, the benefits include reduction in dwell time and consequent cost of doing business. Indian Customs has signed MRA with Hong Kong Customs to recognise respective AEO Programmes to enable trade to get benefits on reciprocal basis.**

Indian Customs is also engaged in finalising MRA with other countries such as South Korea, Taiwan, USA etc.

- (c) As a step further towards trust based compliance, Indian Customs has introduced the new/revamped Authorised Economic Operator (AEO) Programme wherein extensive benefits, including greater facilitation and self-certification, have been provided to those entities who have demonstrated internal strong control system and compliance with CBEC.**

QUALITY COMPLAINTS AND TRADE DISPUTES

8.00 Objective

Exporters need to project a good image of the country abroad to promote exports. Maintaining an enduring relationship with foreign buyers is of utmost importance, and complaints or trade disputes, whenever they arise, need to be settled amicably as soon as possible. Importers too may have grievances as well.

In an endeavour to resolve such complaints or trade disputes and to create confidence in the business environment of the country, a mechanism is being laid down to address such complaints and disputes in an amicable way.

8.01 Quality Complaints/ Trade disputes

The following type of complaints may be considered:

- (a) Complaints received from foreign buyers in respect of poor quality of the products supplied by exporters from India;**
- (b) Complaints of importers against foreign suppliers in respect of quality of the products supplied; and**
- (c) Complaints of unethical commercial dealings categorized mainly as non-supply/ partial supply of goods after confirmation of order; supplying goods other than the ones as agreed upon; non-payment; non-adherence to delivery schedules, etc.**

8.02 Obligation on the part of importer/ exporter

- (a) Rule 11 of the Foreign Trade (Regulation) Rules, 1993, requires that on the importation into, or exportation out of, any customs ports of any goods, whether liable to duty or not, the owner of such goods shall in the Bill of Entry or the Shipping Bill or any other documents prescribed under the Customs Act, 1962 (52 of 1962), state the value, quality and description of such goods to the best of his knowledge and belief and in case of exportation of goods, certify that the quality**

and specification of the goods as stated in those documents, are in accordance with the terms of the export contract entered into with the buyer or consignee in pursuance of which the goods are being exported and shall subscribe a declaration of the truth of such statement at the foot of such Bill of Entry or Shipping Bill or any other documents. Violation of this provision renders the exporter liable for penal action.

- (b) Certain export commodities have been notified for Compulsory Quality Control & Pre-shipment Inspection prior to their export. Penal action can be taken under the Export (Quality Control & Inspection) Act, 1963 as amended in 1984, against exporters who do not conform to these standards and/ or provisions of the Act as laid down for such products.

8.03 Provisions in FT (D&R) Act & FT (Regulation) Rules for necessary action against erring exporters/ importers

Action against erring exporters can be taken under the Foreign Trade (Development and Regulation) Act, 1992, as amended and under Foreign Trade (Regulation) Rules, 1993, as follows:-

- (a) Section 8 of the Act empowers the Director General of Foreign Trade or any other person authorized by him to suspend or cancel the Importer Exporter Code Number for the reasons as given therein.
- (b) Section 9 (2) of the Act empowers the Director General of Foreign Trade or an officer authorised by him to refuse to grant or renew a license, certificate, scrip or any other instrument bestowing financial or fiscal benefit granted under the Act.
- (c) Section 9(4) empowers the Director General of Foreign Trade or the officer authorized by him to suspend or cancel any License, certificate, scrip or any instrument bestowing financial or fiscal benefit granted under the Act.
- (d) Section 11(2) of the Act provides for imposition of fiscal penalty in cases where a person makes or abets or attempts to make any import or export in contravention of any provision of the Act, any Rules or Orders made there under or the Foreign Trade Policy.

8.04 Mechanism for handling of Complaints/ Disputes

(a) Committee on Quality complaints and Trade Disputes (CQCTD)

To deal effectively with the increasing number of complaints and disputes, a 'Committee on Quality Complaints and Trade Disputes' (CQCTD) will be constituted in the 22 offices of the RA's of DGFT. Names of RAs, where CQCTD has been constituted and jurisdiction of CQCTD is given in Chapter 8 of the Handbook of Procedures.

(b) Composition of the CQCTD

The CQCTD would be constituted under the Chairpersonship of the Head of Office. The constitution of CQCTD is given in Chapter 8 of the Hand Book of Procedures.

(c) Functions of CQCTD

The Committee (CQCTD) will be responsible for enquiring and investigating into all Quality related complaints and other trade related complaints falling under the jurisdiction of the respective RAs. It will take prompt and effective steps to redress and resolve the grievances of the importers, exporters and overseas buyers, preferably within three months of receipt of the complaint. Wherever required, the Committee (CQCTD) may take the assistance of the Export Promotion Councils/FIEO/Commodity Boards or any other agency as considered appropriate for settlement of these disputes.

8.05 Proceedings under CQCTD

CQCTD proceedings are only reconciliatory in nature and the aggrieved party, whether the foreign buyer or the Indian importer, is free to pursue any legal recourse against the other erring party.

8.06 Procedures to deal with complaints and trade disputes

The procedure for making an application for such complaints or trade disputes and the procedure to deal with such quality complaints and disputes is given in the Handbook of Procedures.

8.07 Corrective Measures
